Vallabh Government College

Principal's Message

Dear Students,

At the very outset, I would like to send you warm greetings from the college.

As you are aware, we are going through an unprecedented global predicament which has engulfed the globe in the form of coronavirus pandemic. Each one of us is affected by its horror. I would like to share your anxiety and express my solidarity with you and your family. I pray for your safety and good health.

In these testing times, I wanted to reach out to you and update you how we, at Vallabh Government College Mandi, are dealing with the prevailing ambiguous context. COVID protocol is being followed in all the activities being conducted at the college. The college is working strictly in compliance with the instructions and guidelines being issued from higher authorities from time to time. The college staff (teaching as well as non-teaching) is diligently looking after the work allotted to them. Cleanliness and sanitation is being given utmost care.

All the teachers of the college are constantly in touch with their respective students through their WhatsApp groups. The objective being not only to complete the syllabus and entertain the queries but also to keep updated about the students' well-being. Assignments and tests were also given to the students by their respective teachers through the WhatsApp groups. Most of the teachers and final year students got vaccinated with the first dose before the commencement of examination. I appreciate the Associate and Assistant Professors of the college who adapted to the new technology and succeeded in giving new dimensions to the online teaching-learning process which was the need of the hour.

This year admission of students to first year is going to be done in both online and offline mode for the convenience of the students. The mission of our college is not only to pursue academic excellence but also to motivate and empower our students to be life-long learners, critical thinkers and productive members of an ever changing global society.

You will be glad to know that an upcoming multi-storey college building is under construction. It would cater to the infrastructural requirements of students and staff of the college. I would like to thank our Hon'ble Chief Minister Sh. Jai Ram Thakur ji for sanctioning it for the benefit of students and the college stakeholders.

I wish the best of fortune, good health and prosperity to all!

Choice Based Credit System (CBCS) Regulations

In the year 2013 Choice Based Credit System was introduced for undergraduate courses in Arts, Science and Commerce. Further in the year 2016 the new Choice Based Credit System was introduced in accordance with UGC guidelines. The CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective and skill based courses. The courses can be evaluated following grading system, which is considered to be better than the conventional marking system. Therefore, it is necessary to introduce uniform grading system in the entire higher education in India. This will benefit the students to move across institutions within India and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

1. Core Course / Discipline Specific Course (DSC):

A Course, which should compulsorily be studied by a candidate as a core requirement is termed as a core course. Core course is also referred as Discipline Specific Course (DSC). The course, designed under this category, aims to cover the basics that a student is expected to imbibe in that particular discipline.

2. Elective Course : Generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the proficiency/skill is called an Elective Course.

(i) Discipline Specific Elective (DSE) Course : Elective courses offered under the main discipline/subject of study are referred to as Discipline Specific Elective course. The University/Institute may also offer

discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

(ii) Dissertation/Project Work : An elective course of 6 credits, designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation / project work. A Project/Dissertation work may be given in lieu of a discipline specific elective paper.

(iii) Generic Elective (GE) Course: An elective course chosen generally from an unrelated discipline / subject, with an intention to seek exposure to other subjects/disciplines is called a Generic Elective Course.

Note: A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. Ability Enhancement Courses: The Ability Enhancement Courses may be of two kinds : Ability Enhancement Compulsory Courses (AECC) and Skill Enhancement Courses (SEC).

(i) Ability Enhancement Compulsory Course (AECC): These are the courses based upon the content that leads to knowledge enhancement. AECC to be studied are i) Environmental Science and ii) English/Hindi/Sanskrit. These are mandatory for all disciplines.

(ii) Skill Enhancement Courses (SEC) : These courses may be chosen from a pool of courses designed to provide value-based and/or skill-based knowledge and are aimed at providing hands-on-training, competencies, skills etc. to increase the employability of students.

Duration (Time Frame):

The Under Graduate programme is for a minimum period of three years and a maximum of five years, from the date of admission of the candidate. From the academic session 2018-2019, the H.P. State Govt. switched over from semester system to the annual system.

Credits:

The term "Credit" refers to the weightage given to a course, usually in terms of the number of instructional hours per week assigned to it. This explains why usually 'credit' is taken to mean "credit hours". The credits also determine the volume of course contents and delivery of programme such as lectures, tutorials, practicals, assignments etc. For the purpose of credit determination, instruction is divided into three components:-

Lectures (L) – Classroom lectures of one hour duration.

Tutorials (T) – Special, elaborate instructions on specific topics (from lectures) of one hour duration.

Practicals (P) – Laboratory or field exercises in which the student has to do experiments or other practical work of two hours duration.

The Total minimum credits required for an under-graduate degree programme is one hundred thirty two (132)

Evaluation/Assessment: All courses involve an evaluation system of students that has two components :

- A) Continuous Comprehensive Assessment (CCA).
- B) Term End Examination (TEE).

A) Continuous Comprehensive Assessment (CCA):

Continuous Comprehensive Assessment accounts for 30 % of the final grade that a student gets in a course of study.

This would have the following components :

- (I) **Classroom attendance** : Each student will have to attend a minimum of 75% Lectures/Tutorials /Practicals. A student having less than 75% attendance will not be allowed to appear in the Term End Examination (TEE).
 - a) Provided that those having between 74% and 65% attendance will apply for exemption in a prescribed form accompanied by clear reason(s) for absence, to the authorized functionaries.
 - b) Provided that those having between 64% and 50% attendance will apply for exemption in a prescribed form accompanied with a Medical Certificate from a Government Hospital. Exemption from 75% attendance will be given to those students who have

participated in prescribed co-curricular activities (e.g. NCC, NSS, Eco-Club, Rovers and Rangers, Youth Festivals, Sports, etc.) Exemption to the extent of 25% will be given to such students (making the necessary attendance as 50% in these cases).

Further those students getting the exemption, except for those getting exemption for co-curricular activities, will not be entitled to the CCA marks for classroom attendance.

Classroom Attendance Incentive: The students having greater than 75% attendance and who also participated in co-curricular activities, 25% will be added to percent attendance.

All students will get weightage for attendance as enlisted below:

= 75% but < 80%	1 mark
= 80% but < 85%	2 marks
= 85% but < 90%	3 marks
= 90% but < 95%	4 marks
= 95% & above	5 marks

Term End Examination (TEE) :

- For courses without practicals, the remaining 70% of the final grade of the student in a course will be on the basis of a TEE that will be of three hours duration and will be covering the whole syllabus of the course.
- For courses with practicals, the TEE (70% of the final grade of each course) will consist of Term End Practical Examination (20 % of the final grade) and Term End Theory Examination (50% of the final grade). Both will be of three hours duration, each.
- For the Odd semester the TEE will be in the month of October, and for the Even Semester and for the students appearing under Annual system of examination TEE will be in the month of April.
- A candidate who does not pass the examination (TEE) in any course(s) or due to some reason is not able to appear in the TEE (other conditions being fulfilled), shall be considered as „Fail. Such a failed candidate shall be permitted to appear in the subsequent TEE to be held in October or April as the case maybe.
- The registration for the TEE will be done at the time of enrollment for the course at the beginning of the academic session. The fee for the TEE will also be collected at that time as decided by the university from time to time.

- A student who is not permitted to appear in the TEE due to shortage of attendance beyond the exemption limit (<50% attendance) shall be deemed to have „dropped“ the course. However, such a candidate on his/her written request (made immediately), can be permitted to redo the missed course after completing the rest of the programme or whenever the course is offered subsequently. This redoing would mean complete course including CCA and TEE.

Grievances and Redressal Mechanism:

The student will have the right to make an appeal against any components of evaluations. Such appeal has to be made to the Grievance Redressal Committee (GRC), chaired by the RUSA Co-ordinator. The Committee will consider the case and may give a personal hearing to the appellant before deciding the case. The decision of the Committee will be final. The result would be declared by the COE of the Himachal Pradesh University and the degree (or certificate or diploma as the case may be) conferred.

Grading:

Credit Weighed Marking System : Performance of a student is evaluated in terms of credits earned in Credit Weighed Marking System. Earned credits are defined as the sum of course credits in which grade points above a certain cut off have been obtained for declaring the learner “Pass” in that course.

In this way two performance indices emerge:

- Grade Point Average (GPA)
- Cumulative Grade Point Average (CGPA)

Note :-

CCA is subjected to modify as per HPU guidelines during the covid-19 Pandemic
