Some Specific Comments by Students:

- Institution is good for learning
 - Separate library for B.Ed. students
 - Let teachers guide us for competitive exams and discuss our mid terms with us so that we can know what is our performance for our finals
 - Greetings....thank you so much vgc for everything that you gave us....overall performance of vgc is good...but something's should be added....like weekly mock test....exam paper discussion....study strategy sessions....educational visits....seminars....study related events and programmes....interaction of teachers with students....class wise competitions....
 - Regular class tests and assessment of students should be done.
 - Everything good but there is need of ICT labs.
 - I requested to all teacher to treat all student fairly.
- सुझाव तो क्या ही दे सकते हैं हम क्योंकि अध्यापकगण तो हमसे बहत्तर ही जानते हैं कि कैसे पढ़ाया जाता है। हम तो बस इतना ही चाहते हैं कि किताबी ज्ञान के साथ साथ अगर अध्यापक व्यवहारिक ज्ञान भी दे तो छात्रों के लिए बहतर होगा क्योंकि जब तक व्यवहार ही ठीक ना हो तो किताबी ज्ञान का फिर क्या फ़ायदा ।

- The teacher teaches well and everything is regular but sometimes the time of the class is not fair. The first class is in the morning and the second class is in the afternoon. The time table must be regular.
- Teachers should try to interact with each student if not possible they should at least try to discuss major problems students facing regarding their students so that a healthy environment for studies can be created
- Teaching skills are good but sometime teachers would not able to attend classes because they have some extra official work.
- Use ICT tools and digital game-based learning , create a welcoming environment
- All teachers should try to interact with students teaching-learning must be bipolar process
- Classes should be held regularly. Students should be provided education friendly environment. More efforts are needed for student's skill development.
- With the college campus, classrooms and library is not in good condition and need of reforms in all that
- If the students do not understand anything, then explain it with love. Tell students about their shortcomings. Ask the students to participate in any competition.
- Number of class rooms, subjects and teachers should be increased and there is less library space in college
- To improve the condition of classes toilets and campus... and install benches outside the campus
- First of all Outsiders should not be allowed in the college campus. There is no atmosphere of study here ...all ug course students should have dress code or uniform after that we can talk about teaching and learning
- The time table should be improved , students must be divided into smaller groups for effective studies.

Please mention any issue of this college that require urgent attention.

- Infrastructure and campus
- Science lab should be upgraded
- Career Oriented Programs should be There
- Overcrowded by strength
- I recently earned my BBA degree from VGC Mandi, and I would want to give the university a frank assessment. Although the instructors were pleasant and supportive, I must point out a few management concerns at the college that negatively impacted my whole experience. First off, VGC Mandi has weak management, which is one of its biggest flaws. It was inconvenient and time-consuming for students to have to travel to Shimla's HPU to finish some schoolwork or administrative duties. Students may find it aggravating when the college administration is not properly coordinated or organised. The absence of adequate parking facilities was another issue I had while attending VGC Mandi. Finding a parking spot for your car can be difficult, which can lead to unneeded tension and delays, especially during rush hour. Despite these issues, I must praise the commitment and assistance of the BBA department's teaching personnel. Teachers were well-informed, accessible, and constantly available to help students with their academic needs. Their dedication to educating pupils and providing guidance was admirable, and I sincerely appreciate their efforts. However, the lack of appropriate placement possibilities for students is a serious problem I have with VGC Mandi. The college doesn't have a strong placement department or enough connections with businesses to offer internships and job placements. For students who are eager to launch their jobs following graduation, this can be discouraging. Prioritising building solid relationships with businesses and giving its students plenty of career coaching and placement support would be extremely beneficial for the college. In summary, VGC Mandi has a mix of advantages and disadvantages. Although the BBA department's faculty members are truly helpful, there are some management issues at the college, inadequate parking, and a lack of suitable placement possibilities that can be very concerning. It is crucial to evaluate these aspects before deciding whether to join VGC Mandi and to base your choice on your priorities and objectives.

- Time management and attention of professors towards students
- Practical and skillful education
- College staff should be increased. Can add up more motivational sessions to motivate students.
- Creation of more classrooms.
- Additional skill development activities are necessary for students to enhance their proficiency in specific areas, which will benefit them in the future.
- Focus on learning outcomes by improving quality of teaching-learning processes and organizing different curricular and extra-curricular activities on regular basis.
- Lack of rooms during our sessions, not sure about the current scenarios. Notifications are placed only on the notice board, instead notifications should be in the digital form as well so that every student get the clear message. Dirty Washrooms, always with smoke and cigarette and other things like pan gutka. Cafeteria/canteen always full with political guys, consuming the space for no reasons. Also, the canteen person should be responsible for maintaining discipline inside the canteen. Outside the canteen area, unnecessary political fights and mutual revenge should be decreased. Water supply is not to the point, should be clean. AND a separate space for the students of BVoc (or other professionals) is required so that they can prepare themselves for the industry. Like a reception area for the students of Hospitality, should be separate than the study room/hall. Also, expert lectures will be helpful.
- There is a need of improvement in academics
- Don't have proper rooms for students to attend their class
- Educational tour are a great way to Enhance the learning experience of students and provide them with hands-on exposure to various aspects of their chosen field.
- Fix the classrooms, paint the zoology department just not from outside, fix the switches, change the board it is segmented it's hard to focus on.
- Industry interaction Emphasis on practical knowledge Moral education
- Teacher taught ratio.

What is major advantage/ salient feature of VGC Mandi in your opinion ?

- Oldest college situated at centre of himachal
- It is in heart of city.
- Location Infrastructure and Staff
- Need to divide strength in two colleges in the same city
- excellent college for studies as well as personality development
- Good environment
- Girls hostel near VGC
- 1.approachable 2.variability of course
- Staff is supportive
- Highly Intellectual and hard working faculty.
