

Vallabh govt. College Mandi (H.P.)

Criteria I: Teaching & Learning

1.1. Mode of teaching used during the 2024–25 academic session.

1. Blended Teaching: To keep the pace with changing technology in teaching learning process, some classrooms have been converted into smart classrooms by installing 64-inch interactive panel in each department. One virtual classroom has also been set up with teleconferencing facility to connect with other institutions. All the faculty members of science and commerce and some faculty members of Arts are currently using combination of lecture method and technology tools such as PPTs, videos, smart-class tools, online resources etc. In addition to this there are four computer labs for the student.

2. **Flipped Classroom:** Some teachers of the college are using flipped classroom method of teaching where students are provided with basic content in advance in the form of video lectures, or PPTs. Then the learning is done in classroom through case discussions/activities and problem solving.
