

1. A certificate course on essential computer application skills

A certificate course on essential computer application skills for under graduate students was organized by Department of Physics in collaboration with Chemistry Department in September/October, 2024. It was of 4 credits course of 32 hours. 23 students of B.Sc. 3rd year successfully completed and passed this course

2. Accounts Executive certification program

Accounts Executive certification program was conducted w.e.f 29.07.2024 to 20.11.2024. 20 Students of this course not only had hands-on experience with how to work on Tally Prime Software. Nowadays, it is almost mandatory to have knowledge of Tally software for young people to get a job in the accounting field. This program also provided practical knowledge of GST and TDS. This program option has upgraded their skill level, and has added value to their profile, and will be an advantage while looking for job opportunities. Assessment and certification of students were done by the National Small Industries Corporation Ltd.

(a) Skill Upgradation of students of Vallabh Government College Mandi through certified training programme under academic upgradation component. The objectives of this training program is an excellent initiative for Vallabh Government College Mandi students to upgrade their skill which will in turn increase their employment opportunities. To extend the benefit to the students of college, Department of Commerce – VGC Mandi (H.P.) took an initiative to conduct job oriented certified skill training courses for the students of the department through “National Small Industries Corporation Ltd.” (NSIC) which is a Government of India Enterprise under Ministry of MSME. NSIC has been providing various skill development trainings (from conventional to high end) to unemployed youth for past many years. Department conducted one skill training courses for students which are in demand now a days.

(b) Web Designing with Word Press: The Web Designing with WordPress course helps students gain practical skills to create professional, responsive, and user-friendly websites without needing deep coding knowledge. It introduces students to WordPress tools, themes, plugins, and website customization techniques. This course enhances creativity, technical confidence, and digital career opportunities — empowering students to start freelancing, build personal portfolios, or launch their own online businesses.

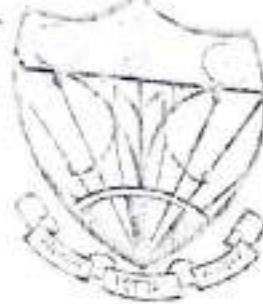

(c) Tally with GST: Students of this course not only had on hand experience of how to work on Tally Prime Software. Now a days it is almost mandatory requirement to have knowledge of

Tally software for young to get job in accounting field. This programmes also provided practical knowledge of GST and TDS. The skill upgradation courses were conducted for students of B. Com, M. Com Course duration of both the courses Web Designing with WordPress & Tally with GST were designed to be completed within 1 month. Assessment and certification of students were done by National Small Industries Corporation Ltd.

(d) Feedback from Students

The feedback from students who have undertaken the courses has been overwhelmingly positive. They have found the programs to be well structured and engaging. The instructors have been knowledgeable and helpful, providing clear and helpful explanations of the topics. The students have found the programs to be highly beneficial. They have found the knowledge and skills acquired to be highly applicable and have seen an increase in their proficiency in the use of WordPress and Tally.

3. **Under PMKVY-4.0-CSCM-SP Batch scheme program domestic data entry operator** was organized by English department under Pradhan Mantri Kaushal Kendra Scheme 24 students participated in this skill development program.

Activity Proposal Submission Format

Title of Activity	<i>A Certificate Course on Essential Computer Application Skills for Undergraduate Science Students</i>
Organizing Department	<i>Department of Physics</i>
Collaborating agency/department (if any)	<i>Chemistry Department</i>
Proposed Date of activity	<i>September and October 2024</i>
Overview of Programme	<i>---Proposal Attached---</i>
Objectives of the Programme	<i>---Defined in attached Proposal ---</i>
Expected Outcomes	<i>--- Defined in attached proposal---</i>

Proposal submitted By:

1. Dr. Sanjay Kumar, Assistant Professor of Chemistry
2. Dr. Jitender Kumar, Assistant Professor of Physics
3. Dr. Surender Kumar, Assistant Professor of Physics

**A Certificate Course
on
Essential Computer Application Skills for Undergraduate Science Students**

Course Credits: 04 (L=01 P=03)

Course Duration = 32 Hours

Objective

In present day digital world, computer skills have become essential for almost every career. With the emerging of new technologies and increasing reliance on digital platforms, strong computer skills are prerequisite for any profession. However, college pass out students in Himachal Pradesh are having a little knowledge about how to make efficient use of computers in their respective subjects; thereby lacking in professional competition at national and global level. Hence, blending the undergraduate subject knowledge with certain essential computer skills related to subject will help students to develop confidence in technology operations. These skills can be applied in student life by helping them to prepare their curriculum assignments, troubleshoot current technologies, and transfer that knowledge to explore emerging technologies.

Learning outcomes:

After the completion of this course the students will be able to:

- 4 Use various scientific notations and equation editor of MS office for writing the scientific data
- 4 Apply the basic operations of spreadsheet applications
- 4 Apply the MS excel and Origin draw to plot Scientific data
- 4 Apply chem draw software to draw various structures of organic molecules.
- 4 Operate various software resources like Avogadro with advanced functions and its open office substitutes
- 4 Effectively write a scientific document using above mentioned skills.

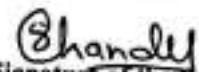

Unit-I: Basics of Computer Hardware and softwares (6 Hours)

Computer Hardware & Software: Components of computer hardware like CPU, Motherboard, RAM, Hard Drive, Monitor, Input and output devices, Introduction to DOS, Windows and Linux Operating Systems. Information of pre-installed softwares in computers. Installation of softwares in window and Linux.

Microsoft Office: Introduction to MS Word, Power Point, MS Excel, Text Basics, Text Formatting and saving file, Working with Objects, Header & Footers, working with bullets and numbered lists, Tables, Styles and Content, Merging Documents, Sharing and Maintaining Document and Printing. Perform Calculations in excel sheet, Sort and Filter Data with Excel, Scientific symbols and use of Equation editor

Skill Upgradation of students of Vallabh Government College Mandi through certified training programme under academic upgradation component.

The objectives of this training program is an excellent initiative for Vallabh Government College Mandi students to upgrade their skill which will in turn increase their employment opportunities. To extend the benefit to the students of college, Department of Commerce – VGC Mandi (H.P.) took an initiative to conduct job oriented certified skill training courses for the students of the department through “National Small Industries Corporation Ltd.” (NSIC) which is a Government of India Enterprise under Ministry of MSME. NSIC has been providing various skill development trainings (from conventional to high end) to unemployed youth for past many years. Department conducted one skill training courses for students which are in demand now a days.

Wed Designing with Word Press: The Web Designing with WordPress course helps students gain practical skills to create professional, responsive, and user-friendly websites without needing deep coding knowledge. It introduces students to WordPress tools, themes, plugins, and website customization techniques. This course enhances creativity, technical confidence, and digital career opportunities — empowering students to start freelancing, build personal portfolios, or launch their own online businesses.

Tally with GST: Students of this course not only had on hand experience of how to work on Tally Prime Software. Now a days it is almost mandatory requirement to have knowledge of Tally software for young to get job in accounting field. This programmes also provided practical knowledge of GST and TDS. The skill upgradation courses were conducted for students of B. Com, M. Com Course duration of both the courses Wed Designing with WordPress & Tally with GST were designed to be completed within 1 month. Assessment and certification of students were done by National Small Industries Corporation Ltd.

Feedback from Students

The feedback from students who have undertaken the courses has been overwhelmingly positive. They have found the programs to be well structured and engaging. The instructors have been knowledgeable and helpful, providing clear and helpful explanations of the topics. The students have found the programs to be highly beneficial. They have found the knowledge and skills acquired to be highly applicable and have seen an increase in their proficiency in the use of WordPress and Tally.

Skill Upgradation of students of "Vallabh Government College Mandi" through certified training programme under academic upgradation component.

The objectives of this training program is an excellent initiative for Vallabh Government College Mandi students to upgrade their skill which will in turn increase their employment opportunities. To extend the benefit to the students of college, Department of Commerce – VGC Mandi (H.P.) took an initiative to conduct job oriented certified skill training courses for the students of the department through "National Small Industries Corporation Ltd." (NSIC) which is a Government of India Enterprise under Ministry of MSME. NSIC has been providing various skill development trainings (from conventional to high end) to unemployed youth for past many years. Department conducted one skill training courses for students which are in demand now a days.

Web Designing With WordPress: The Web Designing with WordPress course helps students gain practical skills to create professional, responsive, and user-friendly websites without needing deep coding knowledge. It introduces students to WordPress tools, themes, plugins, and website customization techniques. This course enhances creativity, technical confidence, and digital career opportunities — empowering students to start freelancing, build personal portfolios, or launch their own online businesses.

Tally with GST: Students of this course not only had on hand experience of how to work on Tally Prime Software. Now a days it is almost mandatory requirement to have knowledge of Tally software for young to get job in accounting field. This programmes also provided practical knowledge of GST and TDS.

The skill upgradation courses were conducted for students of B. Com, M. Com Course duration of both the courses Web Designing With WordPress & Tally with GST were designed to be completed within 1 month. Assessment and certification of students were done by National Small Industries Corporation Ltd.

Feedback from Students

The feedback from students who have undertaken the courses has been overwhelmingly positive. They have found the programs to be well structured and engaging. The instructors have been knowledgeable and helpful, providing clear and helpful explanations of the topics. The students have found the programs to be highly beneficial. They have found the knowledge and skills acquired to be highly applicable and have seen an increase in their proficiency in the use of WordPress and Tally.
