D.O. No. 101

Dated: 07-09-2024

I am, in grateful recognition to NSS unit, Vallabh Govt. College Mandi for starting a campaign for healing of Suketi River by removing the deadly dangerous 16 tons plastic waste from ice cold water of the river. The selfless service of NSS volunteers of VGC Mandi not only helped in removal of plastic waste but also set an example for the humanity as how we all should contribute in maintaining and preserving the natural resources, directly affecting human existence.

This endeavor on the part of NSS volunteers and their guides/teachers was highly appreciated by all.

I am feeling Honored while recognizing their selfless and exemplary service towards humanity.

# A Report on the First Day of "To Heal Mother Suketi" Campaign

## DAY 01

Date: November 27, 2023

### Introduction:

The National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi launched the "To Heal Mother Suketi" campaign on November 27, 2023. This initiative is aimed at addressing various environmental and community health issues in the Suketi region. The campaign is scheduled to run from November 27 to December 04, 2023, with the participation of up to 100 dedicated volunteers.

Media Coverage

Municipal corporation supporting the campaign

### Objectives of the Campaign:

**Environmental Cleanup:** Targeting the restoration and cleanliness of the Suketi river and its surroundings.

**Health and Hygiene Awareness:** Conducting awareness programs to educate the community about the importance of sanitation and hygiene practices.

### Activities on the First Day:

The inaugural day witnessed the enthusiastic participation of all 100 volunteers. The day commenced with a flag-off ceremony, where the NSS unit coordinator highlighted the significance of the campaign and the positive impact it can have on the local community and environment.

### River Cleanup:

Volunteers actively engaged in cleaning the Suketi riverbanks, removing plastic waste, and other debris. The river cleanup aimed to enhance the water quality and create a healthier ecosystem.

### Awareness Programs:

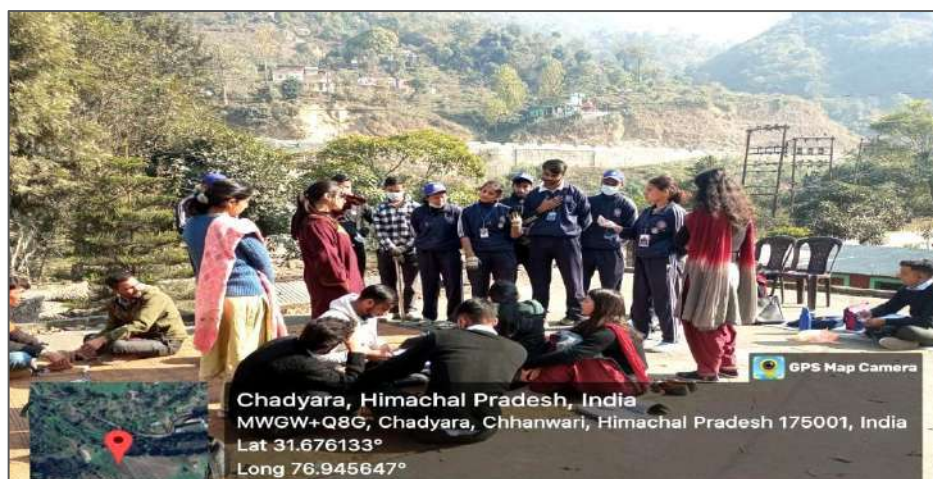

Simultaneously, awareness programs were conducted in nearby villages. Volunteers distributed pamphlets and interacted with community members to share information about hygiene practices, waste disposal, and the importance of keeping the environment clean.

*Awareness programs were conducted in nearby villages.*

### Collaboration with Local Authorities:

The NSS unit collaborated with local authorities, including municipal bodies and environmental agencies, to ensure a coordinated effort. This collaboration enhanced the effectiveness of the campaign and allowed for the proper disposal of collected waste.

### Challenges Faced:

#### Logistical Issues:

Some logistical challenges were encountered, such as the availability of transportation for waste disposal. These challenges are being addressed for smoother operations in the coming days.

*During the 1<sup>st</sup> day of the "To Heal Mother Suketi" campaign, our dedicated team of 100 volunteers successfully collected an impressive 2200 kg of waste from the riverbanks. This substantial effort signifies a significant step towards rejuvenating the Suketi river and its surroundings. The commitment and hard work of the volunteers reflect the campaign's effectiveness in addressing environmental challenges and fostering a cleaner, healthier community.*

### Conclusion:

The first day of the "To Heal Mother Suketi" campaign marked a successful beginning with active participation from all 100 volunteers. The combined efforts of the NSS unit and the community reflect a promising start towards achieving the campaign's objectives. As the campaign progresses, it is anticipated that the positive impact will extend beyond the environmental realm to create a lasting change in the health and well-being of the Suketi region. The NSS unit looks forward to continued community support and engagement in the coming days.

## A Report on the Second Day of "To Heal Mother Suketi" Campaign

**DAY -02**

Date: November 28, 2023

### Introduction:

The second day of the "To Heal Mother Suketi" campaign, led by the National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi, witnessed commendable efforts from 86 dedicated volunteers. The campaign, which spans from November 27 to December 04, 2023, aims to address environmental and community health concerns in the Suketi region.

Media Coverage

### Activities on the Second Day:

On this day, volunteers undertook a challenging task by venturing into risky and less accessible areas along the riverbanks. Despite the difficulties, the team successfully collected a substantial 1500 kg of plastic waste. This effort is crucial in mitigating environmental degradation and promoting a safer and cleaner Suketi region.

## Highlights:

### Risky Terrain Exploration:

Volunteers demonstrated exceptional commitment by navigating through difficult and risky terrains to reach areas with high levels of plastic pollution. Their courage and determination were instrumental in the success of this endeavor.

### Plastic Waste Collection:

The focus of the day was on collecting plastic waste, a major contributor to environmental degradation. The volunteers efficiently gathered 1500 kg of plastic waste, significantly reducing the ecological footprint along the Suketi river.

*Collecting plastic waste: Location - Near Rani bai, Gutkar, Distt. Mandi H.P. 175001*

### Safety Measures:

Despite the challenges posed by the terrain, safety remained a top priority. Volunteers were equipped with appropriate gear, and precautionary measures were taken to ensure their well-being during the waste collection process.

### Challenges Faced:

#### Risky Terrain:

The difficult terrain and inaccessible areas presented challenges to the volunteers, requiring careful navigation to ensure both the success of the mission and the safety of the participants.

#### Logistical Coordination:

The campaign organizers faced logistical challenges in coordinating the collection and disposal of the waste from the remote areas. However, these challenges are being addressed for smoother operations in the upcoming days.

### Daily news impactful campaign,

NSS Unit VGC Mandi gained significant attention and recognition in daily news channels such as DD News, Divya Himachal, and Pole Star for their impactful campaign, "To Heal Mother Suketi." The initiative showcased their dedication and efforts in addressing environmental concerns, making a positive impact on the community, and garnering widespread media coverage.

[Click here: Live news on DD News/"To Heal Mother Suketi"](#)

## **Triumph of Dedication: NSS Unit Excels in "To Heal Mother Suketi" 7-Day Campaign:**

The NSS Unit volunteers exhibited unparalleled dedication and hard work, culminating in the triumphant completion of the "To Heal Mother Suketi" 7-Day Campaign. Their relentless efforts and unwavering commitment to environmental well-being shone through as they successfully achieved their objectives.

[Click here to watch./Volunteer exhibited unparalleled dedication and hard work/](#),

The volunteers' hard work not only brought about positive change in the Suketi region but also served as a testament to the effectiveness of collective action in addressing environmental challenges. The campaign's success stands as a testament to the NSS Unit's ethos of service and impact.

### **Conclusion:**

The second day of the "To Heal Mother Suketi" campaign showcased the unwavering dedication of 86 volunteers who fearlessly ventured into risky terrains to collect 1500 kg of plastic waste. This endeavor is a testament to the commitment of the NSS Unit at Vallabh Govt. College Mandi in addressing environmental issues. As the campaign progresses, the focus remains on sustainable solutions and community engagement, with the goal of leaving a lasting positive impact on the Suketi region.

## Report on the Third Day of "To Heal Mother Suketi"

### Campaign

### **DAY - 03**

Date: November 29, 2023

### **Introduction:**

The third day of the "To Heal Mother Suketi" campaign, led by the National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi, continued to make significant strides in addressing environmental challenges. Despite the reduced number of volunteers, with a dedicated team of 78 participants, the campaign made impactful progress in tackling plastic pollution along the Suketi river.

MEDIA COVERAGE

### **Activities on the Third Day:**

Volunteers, displaying unwavering commitment, targeted the riskiest and most heavily polluted areas along the riverbanks. Their efforts were focused on collecting plastic waste, a major environmental concern. The day culminated in the successful collection of an impressive 2500 kg of plastic waste.

## Highlights:

### Strategic Cleanup in High-Risk Zones:

The NSS volunteers strategically identified and navigated through the most challenging and polluted areas along the Suketi river. Their targeted approach ensured the effective removal of plastic waste from regions that needed urgent attention.

*Cleanup in High-Risk Zones*

### Team Coordination and Collaboration:

Despite the reduced number of volunteers, effective coordination and collaboration were maintained throughout the cleanup process. Team members worked seamlessly to maximize efficiency and cover a larger area.

### Public Awareness Initiatives:

In addition to waste collection, volunteers engaged in public awareness initiatives, educating local communities about the detrimental effects of plastic pollution and the importance of responsible waste disposal practices.

### Challenges Faced:

#### Limited Volunteer Count:

The campaign encountered a slight decrease in volunteer participation, with 78 members actively contributing. However, the reduced numbers did not hinder the effectiveness of the cleanup efforts.

*SOME GLIMPSES DURING WORKING*

### Navigating Hazardous Areas:

Navigating through risky and heavily polluted areas required extra caution and effort from the volunteers. Despite these challenges, the team successfully executed the cleanup operation.

### Prominent coverage on local news:

NSS Unit VGC Mandi earned prominent coverage on local news channels like Pole Star for their commendable 7-day campaign, "To Heal Mother Suketi." The initiative showcased their unwavering commitment to environmental healing, and their efforts resonated strongly within the community. The local news channels highlighted the unit's dedication to fostering positive change, bringing attention to their impactful work and underscoring the importance of community engagement in addressing environmental challenges.

[Click Here to Watch: Live Pole Star Himachal/"To Heal Mother Suketi"/Highlights](#)

### Conclusion:

The third day of the "To Heal Mother Suketi" campaign showcased the resilience and determination of 78 volunteers who tackled the riskiest and most polluted areas along the Suketi riverbanks. The collection of 2500 kg of plastic waste is a testament to their dedication and the positive impact the campaign is making on the environment. As the campaign progresses, the NSS Unit at Vallabh Govt. College Mandi remains committed to fostering a cleaner, healthier Suketi region through community engagement and environmental awareness.

*78 volunteers who tackled the riskiest and most polluted areas along the Suketi riverbanks.*

# A Report on the Fourth Day of "To Heal Mother Suketi"

## Campaign

### **DAY - 04**

Date: November 30, 2023

### **Introduction:**

The fourth day of the "To Heal Mother Suketi" campaign, organized by the National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi, marked a significant milestone in the ongoing effort to address environmental challenges in the Suketi region. Despite a slight decrease in volunteer numbers, with a dedicated team of 70 participants, the campaign achieved remarkable success in tackling pollution, particularly the hazardous issue of broken glass.

Media Coverage

### **Activities on the Fourth Day:**

Volunteers undertook the formidable task of navigating through the dirtiest and most polluted areas, focusing on the collection of plastic waste and, notably, a substantial amount of broken glass. This hazardous material posed a severe threat to both the environment and the safety of the community. Despite the inherent difficulty of the work, the team managed to collect an impressive 3000 kg of plastic waste, including the hazardous broken glass.

## Highlights:

### Targeting Hazardous Materials:

The volunteers demonstrated exceptional courage and commitment by addressing the critical issue of broken glass. This hazardous material, often overlooked, poses a significant danger to both the environment and individuals.

### Efficient Cleanup Operation:

Despite the challenging nature of the work, the volunteers executed an efficient cleanup operation in the dirtiest and most neglected areas. Their dedication ensured the removal of a substantial amount of plastic waste, contributing to the overall improvement of the Suketi region.

*efficient cleanup operation*

### Team Resilience:

The difficult nature of the cleanup work, especially dealing with broken glass, required resilience and teamwork. The volunteers worked collaboratively to overcome challenges and accomplish the mission.

*Team work: Worked collaboratively to overcome*

*challenges and accomplish the mission*

## Challenges Faced:

### Hazardous Material Handling:

Dealing with broken glass added an extra layer of complexity to the cleanup efforts. Special precautions were taken to ensure the safety of the volunteers during the collection process.

### Decreased Volunteer Count:

Although the number of volunteers decreased to 70, the team's dedication and hard work compensated for the reduced manpower, resulting in a successful cleanup operation.

*Reduced manpower successfully resulting cleanup operation.*

## Conclusion:

The fourth day of the "To Heal Mother Suketi" campaign showcased the determination and resilience of 70 volunteers who undertook the challenging task of collecting 3000 kg of plastic waste, including hazardous broken glass. This effort is a testament to the campaign's commitment to addressing environmental issues that pose a significant threat to the Suketi region. As the campaign progresses, the NSS Unit at Vallabh Govt. College Mandi remains steadfast in its mission to create a cleaner and safer environment through community engagement and impactful cleanup initiatives.

# A Report on the Fifth Day of "To Heal Mother Suketi"

## Campaign

### **DAY - 05**

Date: December 02, 2023

## **Introduction:**

The fifth day of the "To Heal Mother Suketi" campaign, organized by the National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi, showcased the continued dedication and enthusiasm of 75 volunteers in addressing environmental concerns in the Suketi region. On this day, the focus was on the opposite side of the old Mandi market, where a diverse range of waste, including old clothes, broken glass, used utensils, and a significant amount of other garbage, was targeted for cleanup.

**The Newz Radar** TUESDAY 5 December 2023 **3**

**Mandi college NSS volunteers make waves**

**Retrieve whopping 15,500 kg of plastic from Suketi rivulet**

**MUNISH SOOD**

**MANDI:** To sensitise the masses and awaken them towards keeping their surroundings and natural resources clean, the National Service Scheme (NSS) volunteers of Vallabh Government College at Mandi (VGC) undertook a cleanliness drive along the basin of Suketi rivulet, a tributary of the Beas river, and fished out a mammoth 15,500 kg of plastic waste. The seven-day cleanliness drive titled "Heal mother Suketi" was launched along its stretch from Rani Bain to the famous Panchvakra Temple where the Suketi rivulet meets the mighty Beas.

Deepali Ashok, Assistant Professor of Botany and NSS programme officer at VGC, told TNR that the aftermath of this year's heavy rainfall had left the riverbanks laden with plastic waste, prompting them to organise this much needed cleanup drive.

"The meticulously gathered more than a tonne of garbage and waste during our ambitious cleanliness drive is a testament to the resilience and determination of the 75 NSS volunteers who worked wholeheartedly for a week and set an example for others to keep water bodies around them clean," she said.

The NSS officer, who was also the driving force behind the entire operation, said that as the volunteers progressed from Rani Bain to Mandi, the scale of the challenge became tough with each step, yet their unwavering spirit prevailed, even in conditions at points where standing on feet was a formidable task.

Another person who guided and led the NSS volunteers was Professor Suraj, who said the cause was well supported by the Mandi Municipal Corporation, which provided garbage bags and vehicles for transporting the collected waste to the designated dumping site. "The Red Cross Society also contributed to the cause by supplying essential gear such as gloves," he said.

VMC Principal Prof Surina offered full support for the cause and appreciated the NSS unit by acknowledging the pivotal role they played. "The success of the cleanliness drive stands as a beacon of light, urging communities to unite in creating a lasting impact on environmental preservation. Cleanliness campaign or drive is not the only solution, we all know it. We need to develop a culture to be sensitive towards cleanliness. We are not excluded from our environment. We are very much a part of it," said Deepali Ashok. She said that the NSS unit of VGC had always been associated with such social causes, justifying its motto which is 'Not me, but you'.

Media Coverage

## **Activities on the Fifth Day:**

The volunteers undertook a challenging cleanup operation, targeting an area known for the indiscriminate dumping of various types of waste. The team diligently collected 2200 kg of plastic waste, comprising old clothes, broken glass, used utensils, and a variety of other garbage. This thorough cleanup effort aimed to improve the aesthetic appeal and environmental health of the Suketi region.

## Highlights:

### Diverse Waste Collection:

The NSS Unit addressed a wide range of waste materials, including old clothes, broken glass, and used utensils. This comprehensive approach reflects the commitment to tackling various forms of pollution in the region.

*Volunteers: During Waste Collection with collaboration with Municipal Corporation*

### Community Engagement:

As part of the cleanup initiative, volunteers engaged with the local community, spreading awareness about responsible waste disposal practices and encouraging the adoption of more sustainable habits.

### Enthusiastic Participation:

Despite the inherent difficulty of the work, the volunteers exhibited high levels of enthusiasm and dedication. Their positive spirit contributed to the success of the cleanup operation.

## Challenges Faced:

### Diverse Waste Types:

The cleanup effort involved dealing with a diverse range of waste materials, each requiring specific handling procedures. Volunteers navigated through this challenge with careful consideration.

### Logistical Coordination:

The cleanup operation required effective logistical coordination to manage the diverse types of waste collected. The NSS Unit successfully orchestrated these efforts for a smooth operation.

### Article Published in daily news Update:

[Click Here to Watch-Article published in Gohar Mandi Updates/Daily Live news](#)

### Conclusion:

The fifth day of the "To Heal Mother Suketi" campaign demonstrated the resilience and commitment of 75 volunteers who tackled the challenging task of collecting 2200 kg of plastic waste, including diverse forms of discarded items. The campaign's focus on a different area underscored its comprehensive approach to environmental cleanup. As the campaign progresses, the NSS Unit at Vallabh Govt. College Mandi remains dedicated to fostering positive change in the Suketi region, one cleanup initiative at a time.

# Report on the Sixth Day of "To Heal Mother Suketi"

## Campaign

### **DAY- 06**

Date: December 03, 2023

#### **Introduction:**

The sixth day of the "To Heal Mother Suketi" campaign, led by the National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi, continued the impactful cleanup efforts aimed at addressing environmental challenges in the Suketi region. With the participation of 80 dedicated volunteers, the campaign targeted the opposite side of the old Mandi market, where a variety of waste materials, including old clothes, broken glass, used utensils, and a substantial amount of other garbage, required immediate attention.

Media Coverage

[Click Here to Watch: https://www.facebook.com/share/v/vuxz8P4H](https://www.facebook.com/share/v/vuxz8P4H)

#### **Activities on the Sixth Day:**

Volunteers embarked on a challenging cleanup operation, focusing on an area notorious for indiscriminate dumping. The team collected a significant 2200 kg of plastic waste, comprising old clothes, broken glass, used utensils, and various forms of garbage. This intensive cleanup initiative aimed to enhance the overall cleanliness and environmental health of the Suketi region.

### Difficult Terrain:

The cleanup operation encountered challenges associated with the difficult terrain and the nature of the waste. Volunteers navigated through these obstacles with careful planning and execution.

### Waste Sorting:

Dealing with a variety of waste materials required meticulous sorting to ensure proper disposal. Volunteers efficiently managed this task to promote environmentally friendly practices.

### Live News: Divya Himachal TV:

[Click Here to Watch: Live Nukkad Play at Seri Manch./Awareness-regrading cleanliness/:](#)

### Conclusion:

The sixth day of the "To Heal Mother Suketi" campaign showcased the collaborative efforts of 80 volunteers in addressing environmental issues in the Suketi region. The successful collection of 2200 kg of plastic waste, including diverse materials, reflects the campaign's commitment to comprehensive and sustainable cleanup initiatives. As the campaign approaches its conclusion, the NSS Unit at Vallabh Govt. College Mandi remains steadfast in its mission to heal and rejuvenate the Mother Suketi, fostering a cleaner and healthier environment for the community.

# Report on Seventh and Day of "To Heal Mother Suketi"

## Campaign

### **DAY - 07**

Date: December 04, 2023

#### **Introduction:**

The seventh and final day of the "To Heal Mother Suketi" campaign, organized by the National Service Scheme (NSS) Unit at Vallabh Govt. College Mandi, marked the culmination of a week-long effort dedicated to addressing environmental challenges in the Suketi region. On this concluding day, 69 volunteers joined hands to execute a comprehensive cleanup operation, focusing on the collection of a substantial 1200 kg of plastic waste.

## वल्लभ कॉलेज के स्वयंसेवकों ने 3500 घंटे में समेटा 12 टन कूड़ा

### मंडी में प्रतिदिन किया श्रमदान, शहरवासियों से नदी-नालों में कूड़ा न फेंकने की अपील

अनिल शर्मा, मंडी

छोटी काशी मंडी के नदी-नालों से कूड़ा समेटने के लिए वल्लभ कॉलेज मंडी के एनएसएस स्वयंसेवक एक सप्ताह पांच किलोमीटर के एरिया में डटे रहे। इस दौरान इन्होंने 12 टन कूड़ा समेटा और लोगों को विनम्रता से यह संदेश दिया कि नदी-नालों में कूड़ा न फेंके, क्योंकि यहां की पेयजल स्कीमों से आपके अपने बच्चे पानी पीते हैं। हालांकि पूर्व में नगर निगम अधिकारियों ने रात्रि मुहिम के तहत दर्जनों चालान काटे थे, लेकिन कूड़ा आज भी नदी-नालों में गिराया जा रहा है। सुबह 10 बजे से लेकर तीन बजे तक

व्यास नदी में कूड़ा समेटते स्वयंसेवक।

100 स्वयंसेवक सात दिन तक कूड़ा समेटते रहे। प्रतिदिन 500 घंटे काम होता रहा और एक सप्ताह 3500 घंटे 12 टन कूड़ा एकत्र किया गया। कूड़ा समेटने वालों में लक्की चौहान, अर्पित शर्मा, लेखराज, दिव्य, साक्षी, दिनेश, सुमित, युवराज, हिमांशु, शिफाली, अनामिका, रूप सिंह, विजय, खुशबू, रीना आदि ने बताया कि हमने रानीबाई से पंचवक्त्र तक कूड़ा समेटा है। इसके दूर भी टनों के हिसाब से कूड़ा नदी-नालों में पड़ा है, यदि इसे समय रहते साफ नहीं

किया तो यह पानी में मिल कर हमारे शरीर में पहुँच जाएगा, जिससे कई बीमारियाँ फैलना तय है। उन्होंने कहा कि जब तक समाज विचारों से सभ्य नहीं होगा, तब तक पढ़ने का कोई औचित्य नहीं रह जाता। वल्लभ कॉलेज के एनएसएस कार्यक्रम अधिकारी डॉ. दीपाली अशोक व प्रो. सूरजमणि ने बताया कि लगभग 100 स्वयंसेवकों ने सात दिन में पांच-पांच घंटे लगातार व्यास नदी और सुकेती खड्ड से प्लास्टिक कूड़ा समेटा है। स्वयंसेवकों ने इस दौरान पांच किलोमीटर के एरिया में यह कूड़ा समेटा है। भविष्य में भी इस तरह के कार्यक्रम जारी रहेंगे।

#### *Media Highlights*

#### **Activities on the Seventh Day:**

Volunteers dedicated their efforts to the meticulous collection of plastic waste from various sites identified during the campaign. The focus was on ensuring a thorough cleanup, leaving no trace of environmental degradation behind. The NSS Unit worked in collaboration with the municipal corporation, which provided essential support in transporting the collected waste from the sites to designated dump locations.

## Highlights:

### Efficient Waste Collection:

Despite the reduced number of volunteers, the team efficiently collected 1200 kg of plastic waste, underscoring the commitment and dedication of those involved in the campaign.

### Municipal Corporation Collaboration:

The NSS Unit collaborated seamlessly with the municipal corporation, which played a pivotal role in facilitating the transportation of the collected waste to appropriate dump sites. This collaboration enhanced the overall effectiveness of the cleanup initiative.

### Campaign Impact:

The "To Heal Mother Suketi" campaign succeeded in raising awareness, engaging the community, and significantly reducing the environmental footprint in the Suketi region. The efforts of the NSS Unit contributed to fostering a cleaner and healthier environment.

## Challenges Faced:

### Limited Volunteer Count:

The reduced number of volunteers posed a challenge in covering a larger area; however, the dedicated team ensured that the targeted sites were thoroughly cleaned.

### Waste Transportation Logistics:

Coordinating the transportation of the collected waste to dump sites required careful planning and logistical coordination, which was effectively managed with the support of the municipal corporation.

### Live Media/Press intrection with media persons:

NSS Unit Mandi's Program Officer, Dr. Deepali Ashok, and Prof. Suraj Mani Thakur engaged in live interactions with news channels throughout their 7-day campaign, "To Heal Mother Suketi." Their insightful discussions on environmental healing, community engagement, and sustainable practices garnered attention and appreciation. The live interviews provided a platform to showcase the unit's dedication and expertise, emphasizing the importance of their mission. Dr. Deepali Ashok and Prof. Suraj Mani effectively communicated the significance of collective efforts in nurturing the environment, making the campaign not only impactful on the ground but also resonant in the media landscape.

## **Cleanliness drive along Suketi khud**

**TRIBUNE NEWS SERVICE**

**MANDI, DECEMBER 5**

In a commendable initiative, the National Service Scheme (NSS) volunteers from Vallabh Government College, Mandi, organised a cleanliness drive from Rani Bain to Panchvaktra Temple along the Suketi khud in the district. The seven-day event kicked off on November 27.

This year's heavy rainfall had left the riverbanks strewn with a lot of waste, prompting the NSS to organise this drive. As the volunteers progressed from Rani Bain to Mandi, the challenges increased.

Programme officer Dr Deepali Ashok said 13 tonne plastic waste was collected during the drive. The municipal corporation provided garbage bags and vehicles for transporting the collected waste to the designated dumping site. The Red Cross Society also contributed to the cause by supplying essential gear such as gloves.

"Seraj Student Association, Nehru Yuva Kendra, VGC Mandi Eco Club, Rover-Rangers and NCC cadets collaborated with NSS volunteers in doing the job," she added.

## Conclusion:

The seventh and final day of the "To Heal Mother Suketi" campaign was a testament to the collective efforts of 69 volunteers who, with dedication and collaboration, collected 1200 kg of plastic waste. The support from the municipal corporation added a crucial dimension to the success of the campaign, ensuring the proper disposal of the waste collected. As the campaign came to a close, the NSS Unit at Vallabh Govt. College Mandi reflected on the positive impact achieved over the week and the lasting contributions to the environmental health of the Suketi region. The campaign serves as a model for future community-driven initiatives aimed at healing and preserving the natural beauty of Mother Suketi.
